## Success stories

### **Amazing news! Fatima Ibrahim, a brave little girl who is only 3 hours old, is surpassing difficult days at Al-Ikhaa Hospital!**

Thanks to the divine care and the dedicated team at Al-Ikhaa Hospital, Fatima Ibrahim was brought to the hospital with severe breathing difficulties shortly after her birth. With the provision of respiratory support, antibiotics, and intravenous fluids, the condition of this precious baby girl has improved, although it's still in the early stages.

## SEMA supports global breastfeeding campaign!

Breastfeeding is a top priority in SEMA's reproductive health program. Our midwives educate mothers daily about the importance of immediate breastfeeding within the first hour after birth.

In honor of World Breastfeeding Week, Idlib Surgical Specialized Hospital held an informative event, featuring participating mothers who emphasized the significance of breastfeeding.

Midwife Mariam Kash from Idlib Surgical Specialized Hospital shares insights in an interview video!

## **Exciting news! The CT scan machine has arrived at Idlib Surgical Specialized Hospital!**

Thanks to SEMA's continuous support, we are now equipped with the latest medical technology. The addition of this CT scan machine is a major step forward in enhancing our diagnostic capabilities and improving healthcare for patients with diverse medical conditions.

This advanced technology opens up a world of possibilities for medical investigations, especially for cancer patients, those with neurological disorders, vascular conditions, and various surgical and internal specialties.

Stay tuned for more updates as we strive to provide the best possible care for our patients!
