March

Introduction

The Syrian Medical Association for Syrian Expatriates (SEMA): It is a humanitarian, medical relief, non-profit, national organization; it has no association with political systems, parties or ideologies. All its humanitarian relief work shall be provided to all without regard to race, sex, color, religion, sect, denomination or language.

Monthly Report: Sema in a month

The monthly newsletter aims to highlight the achievements and projects sponsored by the Association and provide a clear idea for the followers of the Association about the amount work in these projects through various statistics, in addition to cover the events in which the Association had participated with detailed reports on the activities of the Department of Training and Education and courses that With a brief description of the number of medical devices that the Engineering Office has repaired or maintained.

Gaza benefits greatly from our campaigns

We share with you these moments of overwhelming joy that have spread across this place in the Gaza Strip.

With the support of the generous, we are able to make more progress every day and reach out to the patient fasting families there.

The door remains open in the month of goodness and blessings for more great rewards.

Our Ramadan meals have reached many homes and tents.

Distributing hot iftar meals and food parcels to displaced families in camps in northern Syria was one of our most important Ramadan campaigns, which saw the participation of many kind-hearted individuals and brought joy to the hearts of needy families.

See some smiles from the kids here:

“Sema” provided 300 wheelchairs for elderly mothers and fathers with special needs.

Sema identified a wide segment of the elderly population in need of medical aids in service areas in northern Syria, with wheelchairs being a primary requirement.

Check out some photos of our beneficiaries receiving their wheelchairs:

In response to the earthquake, the Jandarıs Center continues to provide its services

The center caters to the medical needs of the residents in the Jandarıs/Afrin region, especially for displaced and affected families from the earthquake on February 6th.

The organization «SEMA» had inaugurated the Jandarıs Medical Center as part of the earthquake response, and the center still continues to offer its services.

You can take a look at the key services provided.

Beneficiaries of SEMA projects

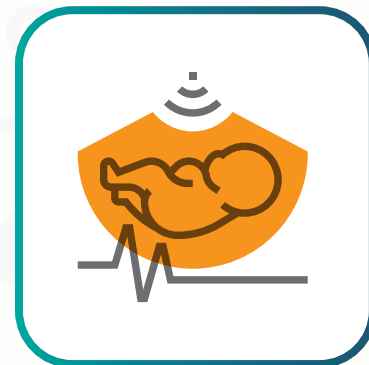

Major surgery

863

Minor surgery
