## Compassionate Hearts Make the Difference... A Medical Response Saves a Child from Death

In a critical moment between life and death, a one-and-a-half-year-old child, (H.B), arrived at Martyr Wassim Hassino Hospital in full cardiac and respiratory arrest following a drowning incident.

Without hesitation, the hospital's medical team mobilized all efforts, launching a life-saving mission that embodied the highest values of humanity and dedication.

Cardiopulmonary resuscitation (CPR) was immediately performed, along with suctioning of secretions from the airway and the insertion of a nasogastric tube (NGT) to drain stomach fluids. With precise and rapid back blows and continued resuscitation efforts... hope trembled back to life with the child's faint cries - the sound of life returning.

## OCHA Field Visit to Al-Rahma Hospital

A team from the United Nations Office for the Coordination of Humanitarian Affairs (OCHA) conducted a field visit to Al-Rahma Surgical Hospital in Darkoush, which is supported by the Syria Cross-Border Humanitarian Fund and implemented by SEMA.

During the visit, the team toured the facility to assess operations and identify key challenges faced by the medical and administrative staff, with the goal of ensuring service continuity and enhancing quality of care.

Rotana Al-Khatarni, Programs Officer at the Syria Cross-Border Humanitarian Fund, emphasized the hospital's significance by stating:

«This hospital covers a wide geographical area extending approximately between Jisr al-Shughur and Darkoush, making it one of the most important hospitals in the region.»
